

## Let There Be Light—Yr 4 Homework

Have a go at the activities below, every time you complete one, colour in the box and send us a photo through 'Class Dojo', bring in a photo of what you have done, or tell us all about it. We really look forward to seeing what you achieve. Home learning will be celebrated and Dojos will be given.

Read a newspaper.  
Share an interesting story

Write an acrostic poem with the word 'light'

Do a household chore without being asked.

Keep a weather chart, log or diary for a week. Remember to include visuals for sunny, cloudy, foggy etc.

Read a book by an English author.  
Write a review.

Sort out what you don't need and give it to a local charity.

Design a poster showing ways to conserve and save energy in your home.

Do some research on a recent invention that uses electricity.  
E.g. Tablets, consoles, mobile phones etc.

Write to the 'School Council' about an environmental issue you think is important.

What does spring look like? Take a photo.

Make a model of the solar system using junk, clay, paint or even Minecraft.

Learn a poem about the Sun.

Read a book under your bed covers using a torch.

Go out on a clear night and draw any constellations you can see.

Hand write a letter to your class teacher.

Go to the local Library and find books or information about light.

Look for numbers in strange places. Take a photo as evidence. Find out what their factors are.

Bake something without using any electrical devices.

Pick up some litter that you find on the beach.

Write a story which has a nocturnal animal as the main character.

Help an adult change a lightbulb at home.

Find the darkest place in your house. List your feelings.

Build a den at home using sheets or blankets. Try to make shadows in your new den.

Go rock pooling at the beach, what sea life can you find?

Prepare an oral presentation about a famous female inventor.
