

Dear Families,

Welcome back and we hope you had a fun and relaxing Easter holiday!

We have come to the final term in Year Two, can you believe it? Our topic is **'Who Do You Think You Are?'** with a wealth of exciting and fascinating learning to experience over the summer term.

As this year is the year of indigenous cultures and environments, we will be looking at where we all came from, native plants and animals too. We aim to cover the curriculum learning about ourselves and our heritage through culture, environment, stories and biographies, speeches and people as the context. We will look into our family history and find out about life in the past. In science we will be looking at lifecycles, habitats, weather and growing plants.

Once again Year Two have the extremely exciting opportunity to work with the New Carnival Company on their Mardi Gras performance and parade. They will be visiting school and delivering workshops to our children in preparation for the summer event. This of course, will form the basis of our Music learning and some of our P.E. and Art too. The Carnival Club have made a start. The carnival is on Saturday 29<sup>th</sup> June so save the date to join us.

Swimming starts on Friday and we are all very excited to get into the pool. We greatly appreciate (and rely) on family support walking with the groups to and from UKSA. If this is something you can help with please let one of the team know.

We have sent home a homework grid related to our topic; do please encourage your child to complete the tasks with the family as well as continuing their vital reading, spellings, Doodle Maths and times tables learning with you every day. We love celebrating and rewarding home learning in school and would like to encourage the use of Class Dojo to let us know about anything you are doing with your child to support their learning.

As you know we will be working on SATs tasks with your child this term. This happens as part of our normal year two learning routine and we are expecting things to run smoothly. If you have any concerns about SATs please talk to one of us.

We are here to answer your questions and listen to your worries and ideas so please do speak to us in class or get in touch on Class Dojo.

Thank you for your continued, much valued support.  
Mrs Lewis, Mrs Price and the Year Two team
