<b>Eco Schools</b>	Mr Cooper briefly discussed what Eco schools meant. Spoke about what the previous Pupil Council members had looked at involving a quiz with both KS1 and KS2 on what they as a group believed we need to look at within our school to be more Eco friendly. KS1 previously said that as a school we were weak on litter, waste water, and wanted to look more at marine conservation. KS2 had all the same ideas however also added our use of Energy to their list. Mr Cooper told the children that as the new group of Pupil Councillors we were going to look into this list within this school year. Mr Cooper then spoke about how the Pupil Council members were also our Eco Warriors.	<p><b>ACTION – Mr Cooper to look into a trip, either trip to the beach to litter pick or a boat trip and see what is happening in our seas.</b></p> <p><b>ACTION – Next meeting to create an action plan of what we will do, including trip out to beach/sea, walk round school to see where this faults are occurring and also see the office and ask how much money we use on electricity.</b></p>
<b>Little Library</b>	Mr Cooper spoke to the children about our little library and how we want to keep it going. We need Pupil Council to create a sign for the Little Library so children can see it and know what it means. Ideas could include each councillor painting a letter to be formed into a rainbow over the little library.	<b>ACTION – Mr Cooper to look into letter stencils for councillors to paint.</b>

	<p>Mr Cooper told Pupil Council what our involvement with PE was and how if other sports wanted to be tried then we could speak to Miss Westbrook about it. Pupil Council class books were given out and explained their use. Mr Cooper explained how these books would be taken into class for different members of the class to tell their pupil councillor about their ideas. This book will then be brought back to each Pupil Council meeting in which any new ideas will be shared and discussed.</p>
