What are we talking about?	What did we say?	What are we going to do?
<b>Apologies</b>	Marni Machin (YR), Max Doorley (Y1), Mason Manson (Y5)	
<b>Agenda</b>	Pupil Council to come to gather ideas on what we can do instead of giving Christmas cards round school this year to be more economically friendly.	Put together a list and to decide on a few ideas
<b>Christmas cards replacement</b>	Mr Cooper had an email from Karen one of our chairs, who said "I'm keen we stop Christmas card sending and replace with more eco-friendly approach if possible to discuss on Thursday? Maybe 1 class one made for old people's home, children's ward, etc.?" I took this email into the meeting and discussed it with the children who felt positively about the idea. The children then came up with many ideas.	
<b>Christmas cards replacement ideas</b>	<p>The children had many different ideas on things that we could do instead of Christmas cards. I took notes of all the ideas at the time and have told them to go back to their classes and discuss further ideas. Some of the ideas were:</p> <ul style="list-style-type: none"> <li>- Giant Christmas card 1 per class (each donate the card to a place e.g. hospital, hospice.)</li> <li>- Make a cake for each class</li> <li>- Cupcakes with merry Christmas on</li> <li>- Photos that you can write text on then email them out to classes and staff</li> <li>- Letter saying merry Christmas which is passed around classrooms</li> <li>- Sing Christmas songs and send a video out to class dojo and classes</li> <li>- Cardboard – each class makes a model out of scrap</li> <li>- Make merry Christmas out of bottles and put out for display</li> <li>- Video saying merry Christmas everyone for dojo and school facebook.</li> <li>- each</li> </ul>	
<b>Next meeting.</b>	<b>Thursday 5<sup>th</sup> November 2019 at 2:00pm.</b>
