Friday 11th March

Pirates! An Adventure with Science! Day

Years 3 & 4

Thursday 3rd March 2016

Dear Year 3 and 4 Families

As you know, next Friday 11th March is our 'Pirates! An Adventure with Science' day and we have organised some very exciting workshops for the whole school to take part in throughout the day.

Years 3 and 4 will be taking part in the 'Twister' workshop, which is a great way to get the children thinking about the challenges pirates had whilst navigating the seven seas. They will learn what causes twisters and whirlpools and investigate the effect of centrifugal forces on objects and fluids to better understand why they are a powerful force of nature.

To make this even more memorable and interactive we are asking each child to bring in an EMPTY clear plastic 2 litre fizzy pop bottle for this workshop, so they can make a real whirlpool in a bottle.

Please bring your bottles on the day.

Thank you

Caroline Sice
Headteacher
