

Lanesend Home Learning 06/08/20

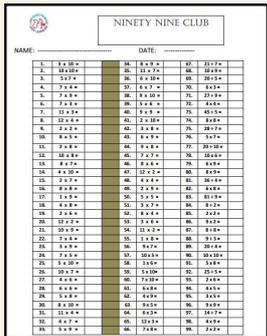

Welcome to our latest home learning newsletter, we hope you are enjoying this lovely weather and are making the most of our beautiful island. I have been out early some mornings for sunrise which I have streamed live on Twitter, it is amazing the number of people that join me online to watch the sun slowly rise with just the sound of the birds. I sometimes think we take it for granted that we live on such a beautiful island with wonderful sunsets, sunrises, locations and scenery. I am definitely appreciating them more.

This week our home learning has some new maths for each year group, a good news task for literacy and our project is all about summer 2020. There are some lovely tasks to do so please click the links and have a look. Amelia Patrick sent me a wonderful good news story so I have included that, we also have new mindfulness and art challenges and I have included the 'Classroom Secrets August Summer Challenges' which you can tick off as you complete them. I wonder if anyone will be able to do them all? Also don't forget the album cover challenge that Mrs Sice set. If you need some inspiration I have put some examples on the next page.

Keep enjoying the lovely weather, let's hope it here to stay for a while. Don't forget your sunscreen and to hydrate properly, it is really important.

Take care all and please send any photos, stories or ideas you have to me at grahamandre@lanesendpri.iow.sch.uk

Project - The Story of Summer 2020.

The story of summer 2020

Let's help every child thrive!

1 Captain Jack and the Pirates
[Watch the story here](#)

Make a treasure map
Will your map lead to a chest of gold or a shipwreck?

Design your own flip flops
You can use any materials to make and decorate; from foam and colourful card, to glitter and buttons. Let your creative side loose.

Boat race
You will need a selection of junk modelling materials. Design a boat that you can race in water. Will it have sails? Be large or small? Be able to float without capsizing? Use your padding pool or bath to test it out.

Build a pirate boat
In a sand pit or even better at the beach, build a boat you can sit in and hunt for treasure all around you.

Water balloon treasure hunt
You will need balloons, water, coloured lollipop sticks or card squares. Fill a selection of different coloured balloons with water. Hide coloured sticks that correspond with the balloons. When you find the stick, burst the balloon!

Beach games and activities
Try your hand at sand sculptures or build a sand city!

2 Froggy's lemonade stand
[Watch the story here](#)

Make your own lemonade
The perfect summer time drink!

We all scream for ice cream!
What will you add to your recipe to make your own flavour?

Pack a picnic
How many of these delicious recipes will you make?

3 The truth about my unbelievable summer
[Watch the story here](#)

Nature bracelets
Find interesting and beautiful things outside to make a bracelet. Look in your garden, the beach, woodland or use craft resources if you are indoors.

Ice, ice baby
A fabulous sensory activity. Thin paint will freeze on the ice, thick paint will drip and move with the water.

DIY paint brushes
Go on a nature walk to find and make your paint brushes. Set up a paint station and create a huge picture or pattern.

Bubble painting
A fun and colourful activity. Use your bubble creations to make cards, banners, wrapping paper - the possibilities are endless!

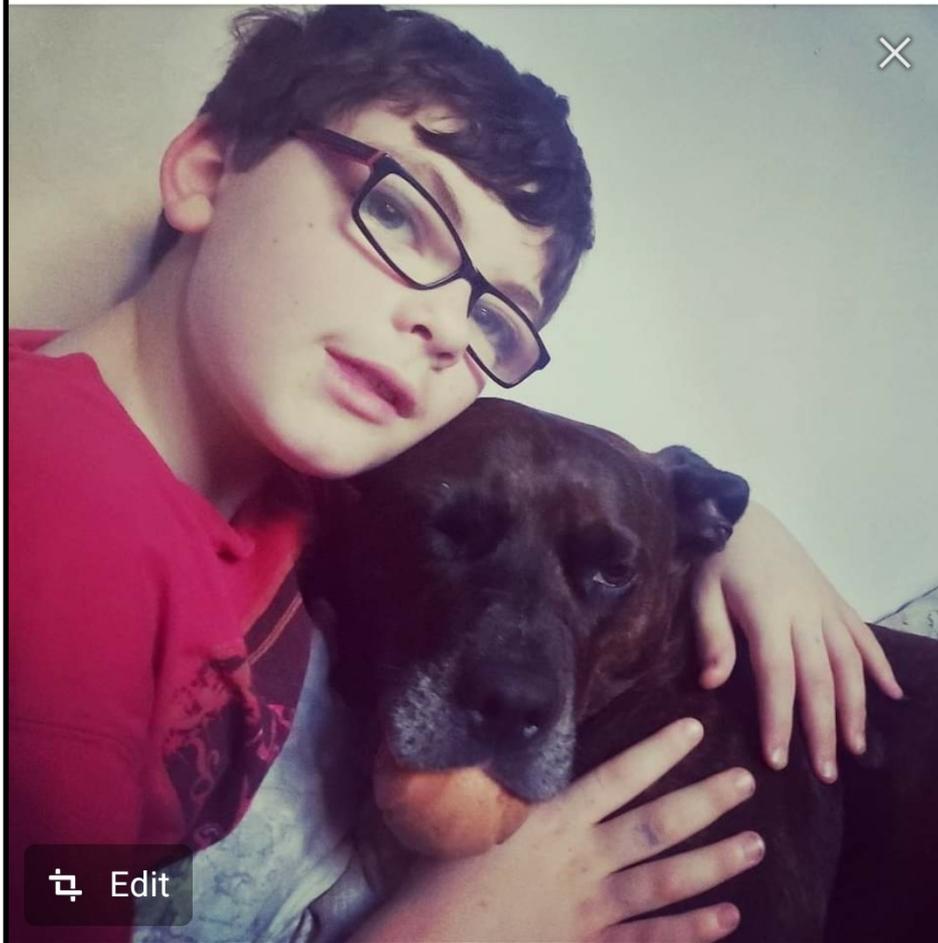

Summer collage
Explore outdoors to find natural items, such as petals or shells. Which are your favourite colours? Use what you find to create a summery collage masterpiece.

Good News Story.

May only be 6am but these two are superheroes today already, bear woke me at 5.45am nudging, barking and went and sat by Si, who was asleep, Taz stirred saw me sprung from bed and grabbed Si's kit and once flow had been established, meds were needed, Si has gone back to bed watched by his guardian who has now left his side so the coast must be clear, crisis sorted early before medical team intervention needed, priceless, Making Luna Bear not only the most beautiful girl in the world but the most priceless..Good job team younger siblings!

Simon has Acute Brittle Asthma, Owen grabbed Si's kit and put his Oxy meter on him which measures heart rate and oxygen levels and we have 2 levels one is to activate emergency protocol and the next one is to ring 999, Si was on level one and needed intervention so Owen grabbed his nebuliser and got it all set up and his brother sorted out, avoiding the need for a medical team intervention, we havent had to use emergency protocols for a long time so Owen did very well remembering the necessary steps literally as soon as he had woken up. Amelia Patrick

Activity B

Find and seek

Search each room of your house and find something that is your favourite colour.

How many things have you found?

NUMBERS AND LETTERS IN ART

CHALLENGE 3

1. Start off with a drawing or image and look for the shapes of hidden letters or numbers – remember to rotate the image or look from a different perspective to find more.

2. Use your imagination to zoom in on focus areas – either draw them or use an electronic camera device to edit where the hidden letters and numbers are. Can you see more than one letter or number in the same image?

3. Letters and numbers are everywhere! Have a go at producing a piece of artwork for your bedroom, home or as a gift by putting together photographs taken around your home, garden or neighbourhood.

SUMMER CHALLENGE

AUGUST
2020
AUGUST1st

SATURDAY

Take a photograph of something that will remind you of the summer.

2nd

SUNDAY

Have a go at some gardening, perhaps planting seeds or even weeding!

3rd

MONDAY

Create a craft and share it with a friend or family member.

4th

TUESDAY

Go on a nice walk, exploring an area that you don't know well.

5th

WEDNESDAY

Take some time to read book (or a chapter if it is a long one!)

6th

THURSDAY

Close your eyes and settle in to a good audiobook.

7th

FRIDAY

Enjoy a spot of stargazing and see what you can see. Can you see any constellations?

8th

SATURDAY

Enjoy a meal outdoors. Why not offer to help prepare the food as well?

9th

SUNDAY

Do something kind for somebody else that will make them smile.

10th

MONDAY

Have a day with nothing planned and see what happens!

11th

TUESDAY

Dust off your apron and create a delicious meal or snack using a recipe.

12th

WEDNESDAY

Get creative and write a poem about the summer holidays.

13th

THURSDAY

Get experimenting and create a science experiment.

14th
SATURDAY

Test your memory and get your brain working hard.

15th
SUNDAY

Visit a new place that you have never been to before.

16th
MONDAY

Put together a scrapbook of your favourite topic, hobby or summer holidays so far.

17th
TUESDAY

Make a thoughtful gift for someone and share it with them.

18th
WEDNESDAY

Do your bit for the planet and create something to help nature.

19th
THURSDAY

Listen to a podcast and see what you can learn.

20th
FRIDAY

Have a go at a new sporting activity, sports day or one that you haven't tried in a long time.

21st
SATURDAY

Create a magic potion (or a cocktail!)

22nd
SUNDAY

Play (or make) a board game and enjoy a games night.

23rd
MONDAY

Watch the sun rise or set.

24th
TUESDAY

Get the popcorn and snacks out and watch a new or your all-time favourite film.

25th
WEDNESDAY

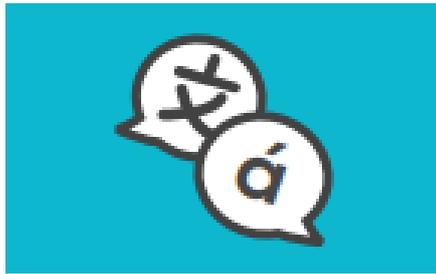

Write a review for something you have read or watched to help others in the future.

26th
THURSDAY

Time to have fun and play with water balloons!

27th
FRIDAY

Practice a different language and learn a few new words.

28th
SATURDAY

See how fast you can complete a wordsearch.

29th
SUNDAY

Play detective and complete a puzzle.

30th
MONDAY

Sit back, relax and listen to music.

31st
TUESDAY

Celebrate your successes in any way you like, you did it!
