

# Lanesend Home Learning 13/08/20

Welcome to our latest home learning newsletter, what a beautiful week it has been. The weather has been lovely and it has been nice to see so many families out and about enjoying themselves. I have even been fishing a couple of times, unfortunately I haven't been able to catch my tea which has been a shame but when the weather is nice it doesn't matter so much. When I was younger I used to fish in all weathers, I am more of a fair weather fisherman now. Our home learning this week has the usual maths updates, the resources from White Rose really are good so if you haven't had a look yet please do. The literacy is an online task using the 'Scholastics' website, this is a brilliant site, have an investigate and let me know what you think. Our project this week is based upon festivals, it would have been the Cowes Week festival this week, lovely weather for spectators but I'm not sure there would have been enough wind for the sailors. Also don't forget the album cover challenge, if you haven't seen it on Dojo here is Isla Strickland's amazing Shawn Mendes album cover. Remember you can contact me on [grahamandre@lanesendpri.iow.sch.uk](mailto:grahamandre@lanesendpri.iow.sch.uk) with news and home learning. Enjoy your week, the time is going very quickly.

Here are some extra resources that you can use by clicking the images below.

# Project - Festival Fever 2020.

## Festival fever

As festivals have been cancelled this year, it is time to generate your own 'Festival Fever' in the comfort of your own home.

Use these ideas to plan and create your own festival. Make a scrapbook to capture your memories to look back on. Suitable for children up to 11 years old.

### 1 Research

Explore online festivals to gather some ideas. Use this [link](#) to make a start, on what you could include in your festival.

What kind of music will your festival play; dance, pop, 90's?

Will there be a theme to your festival? Find out what themed festivals you could get inspiration from.

### 2 Plan your festival

**Start planning your own festival**  
What will it be called? How long will it go on for? Where will it be held? What type of music will you play? Are you going to have refreshments?

**The guest list**  
Who is going to come (under current government guidelines)? Will the dress code be festival chic with straw hats, shades, floppy dresses, fairy wings, flower crowns and wellies?

**Spread the word**  
How are you going to let them know about the festival? Consider your festival branding. What will the logo look like? What colours will you use? You can then start to plan your posters, flyers and social media page.

**What's the schedule**  
Think about what is going on and when. Will you festival need signage and a programme? What kind of information will you need to share?

**Top tunes**  
Create your festival playlist. Ask your festival goers to give their suggestions and organise into different stage events.

**Grab 'n' up**  
Think about what refreshments will be on your [festival menu](#).

### 3 Create and enjoy your festival

**Festival merchandise**  
Make your own merchandise for your guests, to recreate the true festival experience. You could design wristbands and [t-shirts](#). How about designing and making [your own festival flag](#)?

**Camp out**  
Make your own festival teepee from sheets or put up your tent. Why not sleep out over night and star gaze after the music and fun!

**Hungry tunes**  
Use the menu you've planned and set up your own food station and ['mocktail](#) bar!

**Say cheese**  
Set up a photobooth with a big photoframe to capture your memories of the day. Use props like wigs and funny hats.

**Workshops and activities**  
Cover old jars in scraps of tissue paper with watered down PVA glue, tie on a string handle and pop a tea light inside. Set up a face-painting stand - what colours and glitter will you have on the stand?

**Clean up duty**  
Make the time for the mess tidy up! How can you make sure that you are thinking about the environment? Will you use disposable cups or wash up afterwards? How will you ensure all festival goers will play their part in tidying up?

## Activity C

# Bingo bango

Stand in your garden or  
doorstep, try and listen for:

A dog barking

Birds chirping

A car driving by

tweet  
tweet

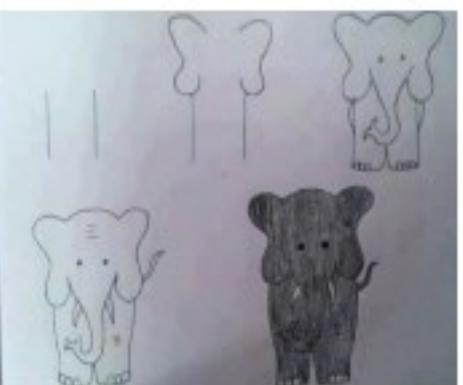

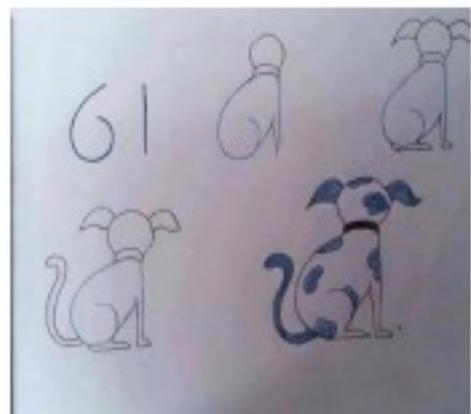

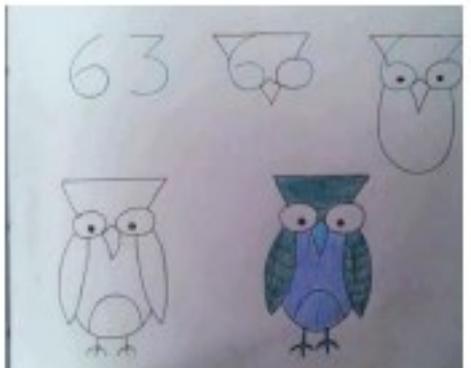

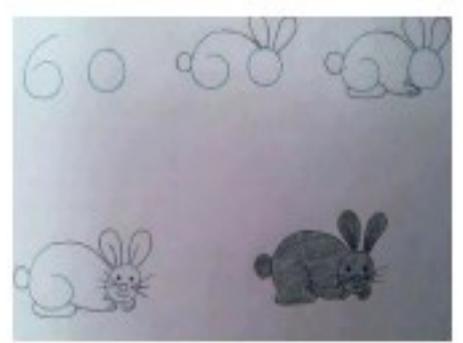

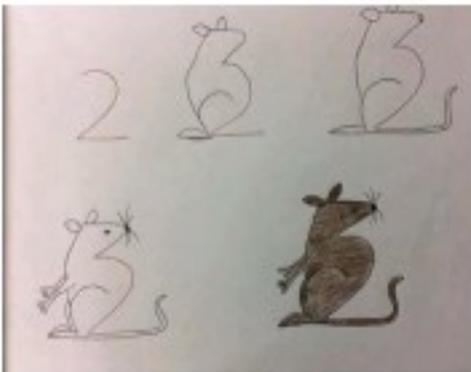

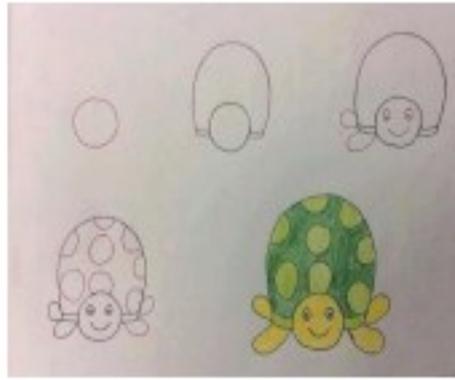

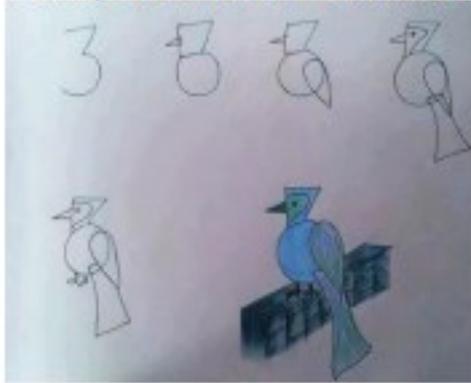

When you have heard them  
all shout 'Bingo Bango'!

**Bingo  
Bango!**

# SUMMER CHALLENGE

AUGUST  
2020  
AUGUST1<sup>st</sup>

SATURDAY

Take a photograph of something that will remind you of the summer.

2<sup>nd</sup>

SUNDAY

Have a go at some gardening, perhaps planting seeds or even weeding!

3<sup>rd</sup>

MONDAY

Create a craft and share it with a friend or family member.

4<sup>th</sup>

TUESDAY

Go on a nice walk, exploring an area that you don't know well.

5<sup>th</sup>

WEDNESDAY

Take some time to read book (or a chapter if it is a long one!)

6<sup>th</sup>

THURSDAY

Close your eyes and settle in to a good audiobook.

7<sup>th</sup>

FRIDAY

Enjoy a spot of stargazing and see what you can see. Can you see any constellations?

8<sup>th</sup>

SATURDAY

Enjoy a meal outdoors. Why not offer to help prepare the food as well?

9<sup>th</sup>

SUNDAY

Do something kind for somebody else that will make them smile.

10<sup>th</sup>

MONDAY

Have a day with nothing planned and see what happens!

11<sup>th</sup>

TUESDAY

Dust off your apron and create a delicious meal or snack using a recipe.

12<sup>th</sup>

WEDNESDAY

Get creative and write a poem about the summer holidays.

13<sup>th</sup>

THURSDAY

Get experimenting and create a science experiment.

**14<sup>th</sup>**  
SATURDAY

Test your memory and get your brain working hard.

**15<sup>th</sup>**  
SUNDAY

Visit a new place that you have never been to before.

**16<sup>th</sup>**  
MONDAY

Put together a scrapbook of your favourite topic, hobby or summer holidays so far.

**17<sup>th</sup>**  
TUESDAY

Make a thoughtful gift for someone and share it with them.

**18<sup>th</sup>**  
WEDNESDAY

Do your bit for the planet and create something to help nature.

**19<sup>th</sup>**  
THURSDAY

Listen to a podcast and see what you can learn.

**20<sup>th</sup>**  
FRIDAY

Have a go at a new sporting activity, sports day or one that you haven't tried in a long time.

**21<sup>st</sup>**  
SATURDAY

Create a magic potion (or a cocktail!)

**22<sup>nd</sup>**  
SUNDAY

Play (or make) a board game and enjoy a games night.

**23<sup>rd</sup>**  
MONDAY

Watch the sun rise or set.

**24<sup>th</sup>**  
TUESDAY

Get the popcorn and snacks out and watch a new or your all-time favourite film.

**25<sup>th</sup>**  
WEDNESDAY

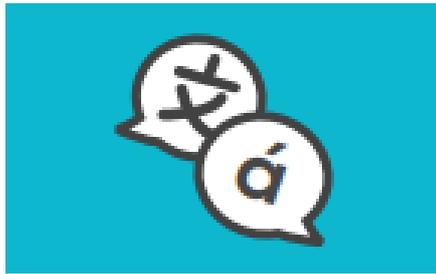

Write a review for something you have read or watched to help others in the future.

**26<sup>th</sup>**  
THURSDAY

Time to have fun and play with water balloons!

**27<sup>th</sup>**  
FRIDAY

Practice a different language and learn a few new words.

**28<sup>th</sup>**  
SATURDAY

See how fast you can complete a wordsearch.

**29<sup>th</sup>**  
SUNDAY

Play detective and complete a puzzle.

**30<sup>th</sup>**  
MONDAY

Sit back, relax and listen to music.

**31<sup>st</sup>**  
TUESDAY

Celebrate your successes in any way you like, you did it!
