### Weird facts

*by Lola*

Did you know that the only places you can't buy Coca-Cola are North Korea and Cuba?

Japan is actually the World's most earthquake prone country. Surprisingly.

A hummingbird can flap its wings more than 200 times per second.

Ostriches can actually run faster than a horse and male Ostriches can roar just like a lion.

### See what's inside...

Should we *really* be afraid of Sharks?

How are other schools dealing with the corona virus?

... And much more!

## Pet Corner

by Henry

When looking for a dog to get it's best to get a puppy because with a puppy you can train it to behave how you want it.

Also be sure to know which breed of dog you want. Some good dog breeds are spaniels, beagles, golden retriever and terriers.

### Dog Names

When you are getting a dog you need a name for it. The name needs to be a name you don't mind saying when calling your dog for the next 10 to 12 years!

### Where to walk your dog

Dogs love walks and there are lots of places to walk them some of the best places are Bembridge, Thorness bay and Northwood Park. Make sure not to walk for too long little puppies don't need to long but an adult Labrador could run around for hours on end.

In the UK 50% of adults have a pet of some sort whether that be a cat or a dog. In the UK there are:

9.9 million dogs  
10.9 million cats  
and 900.000 rabbits

As well as pets some dogs are used as "working dogs" such as on farms, for search and rescue or for the police. Here are some pictures of police dogs and puppies in action:

Police dogs are also known as “Land Sharks” because if they chase somebody they won’t get away! Police dogs love going in cars, on boats and in helicopters.

## Schools around the world

*by Nanci*

Here in school, at Lanesend, we have all the children who have both of their parents working; we have year six, one, and reception plus their siblings. Our measures include social distancing; hand washing at break times and lunch time plus when we leave and when we arrive.

We cannot mix with any other classes due to bubbles (bubbles are groups of people that stay together, people in a bubble can't mix with other bubbles). Other schools around the world have followed similar guidelines to us but ones that were given by their own countries.

### Information

Coronavirus lockdown measures have partially or fully closed schools for more than 90% of the world's student population across 186 countries.

After closing schools to prevent the spread of the coronavirus, a group of countries like Denmark and Japan have started reopening them.

New safety measures range from keeping windows open, to spacing desks six feet apart and resuming classes for students of a certain age.

### Little facts

In Japan they wear plastic visors over their faces.

France had an early scare when 70 new virus cases were linked to primary schools within the first week of lessons resuming last month.

Lots of schools were shut again, but primary schools are now open in most places and the government plans to speed up the return of secondary schools.

**youth trust**

**inspire**

**INSPIRE IS A 5-WEEK ONLINE CREATIVE THERAPY GROUP PROGRAMME FOR YOUNG PEOPLE AGED 11-12. SESSIONS WILL FOCUS ON BUILDING CONFIDENCE AND SELF-ESTEEM.**

**Where:** Online sessions, facilitated as a Zoom group.  
**When:** 11:30am – 1pm each Wednesday for 5 weeks in the Summer Holidays. Commencing on 29th July 2020.

To refer a young person for Inspire contact the Youth Trust 01983 529 569 or [info@iovyouthtrust.co.uk](mailto:info@iovyouthtrust.co.uk)

Inspire is a great opportunity to explore our feelings and how to relate to others and understand ourselves better. The programme is designed to be fun and inspirational using, art, drama, story telling and creative imagination.

## How many people get eaten by sharks? *By Louis*

On average, the number of people that get eaten by sharks is 5 or at most 6 per year.

That's it. Only 5 or 6 people get eaten by a shark each year, in the whole world!

That made me begin to wonder how many sharks get eaten by people, the answer is really shocking...

This photo by Unknown Author is licenced under CC CY SA

ONE HUNDRED MILLION!

That's 274,000 sharks every day.

That's three sharks every second.

In the time it took you to read this page, about 200 sharks got eaten by human beings!

Instead of us being scared of sharks, I think sharks should be scared of us!

PLEASE INFORM YOUR SCHOOL COMMUNITY

# FREE SUMMER HOLIDAY ACTIVITY PROGRAMME FOR FAMILIES

29th July – 25th August 2020

*Something for all families to have fun and be entertained!*

For detailed information visit [www.connect4.org.uk](http://www.connect4.org.uk) and [facebook.com/Connect4Summer](https://www.facebook.com/Connect4Summer)  
If you require attachments for distribution to parents please email [s.wright@pcs.hants.sch.uk](mailto:s.wright@pcs.hants.sch.uk)

# Sports *by Henry*

As sports has returned we have seen some very impressive and surprising football like Liverpool winning the title so here is what happened

## United v Saints

Saints visited old Trafford to play man united.

Saints and Man United both have the best record in the premier league since the restart.

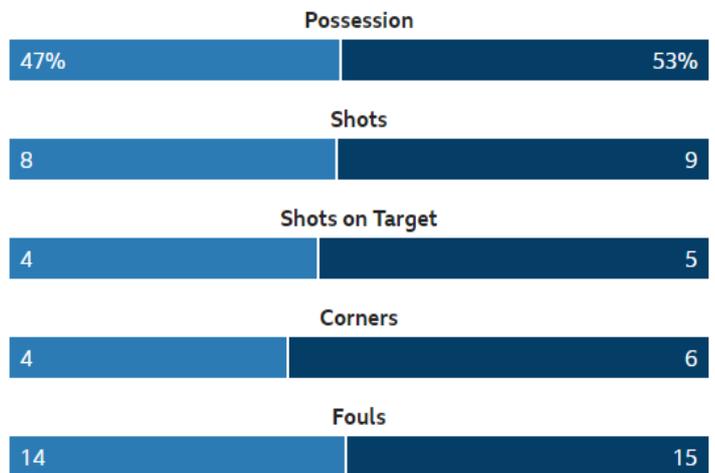

Stuart Armstrong took an early goal to put the saints in front. 5 minutes later Marcus Rashford took it level for United.

Then on the verge of half time Antony Martial took the lead for united giving united the lead at half time.

In the second half saints pressed very close to an equaliser but David De Hea denied them and near the end of the game a very serious injury came for Williams meaning United played injury time with ten men and a late corner balled in by James Ward-Prowse put in by Obafemi. So the final score was 2-2.

■ Man Utd ■ Southampton

### League one play-offs

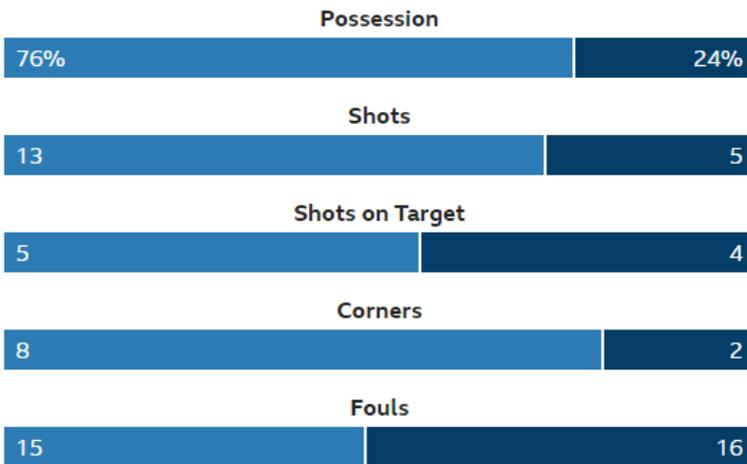

In the league one play-off finals Wycombe Wanderers played Oxford United to decide who made it into the championship. It was an early goal from Stewart and from then there was good play from both teams but at half time it was 0-1 to Wycombe. In the second half Skyes got a quick equaliser to make it 1-1 later Wycombe were awarded a penalty which was scored by Jacobson to send Wycombe Wanderers into the championship - meaning Wycombe won 1-2 against Oxford United.

### Liverpool v Brighton

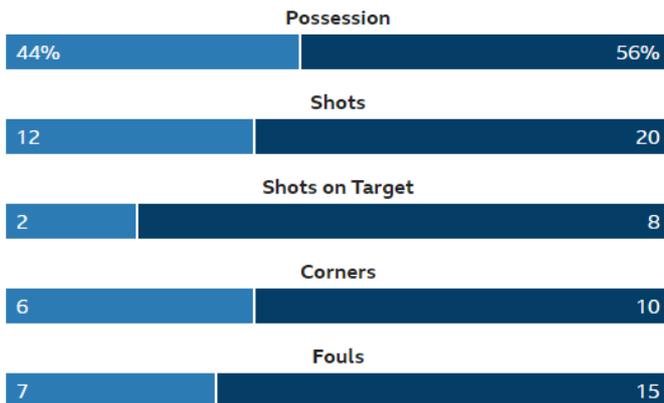

Brighton had a hard fixture coming up the league champions Liverpool. Mohamed Salah took an early lead and two minutes later Jordan Henderson made it 2-0. Then in the final minute of the first half Trossard put in a superb and well deserved goal to make it 2-1. The second half brought a lot of chances for both teams but Mo Salah in particular was very close but missed them he did get a goal near the end to give Liverpool a 3-1 victory against Brighton.

■ Oxford Utd ■ Wycombe

■ Brighton ■ Liverpool

Team	P	GD	Pts
1 – Liverpool	34	49	92
2 – Man City	34	52	69
