

## **Physical Education and Sport Grant 2019/2020**

The Physical Education and Sport Grant was first introduced in September 2013 for all children within school who had turned 5 years old at the census date each January.

We are required to report how many children are entitled to the PE and Sport Grant and how we spend the money.

Total number of children on roll aged 5-11 at census January 2019      372

Overall aim for school - Gold Award needs to be maintained for 5 years before applying to be converted to Platinum. We will be applying to maintain Gold this year (this will be for the third year in a row). P.E. leads monitoring all aspects of this to ensure Gold is met (within confines of current school closure situation.)

### **Support provided with PE and Sport Grant from September 2019 to March 2020**

- Ballet lessons every week for Year 2 children September to December
- Ballet lessons every week for Year 1 from January to March.
- Dance Live dance lessons involving over 100 children from KS2
- Subsidised swimming for Year 3 and 4.
- Football coach at lunchtimes for all year groups and in curriculum time for Yr 3
- Subsidised after school clubs
- Sports equipment purchased including indoor athletics equipment
- Purchased 2 in ground trampolines
- Transport to and from sport events
- All children take part in the daily Mile run and continues to demonstrate a good level of fitness across the school which can be evidenced in our children's performances in Cross Country, Triathlon and other intra/inter school events.
- Play Leaders Course – Y6 (x20 children)
- 2 teacher twilight training sessions in PE and sport

## Support to be provided with PE and Sport Grant from April 2020 to August 2020

*Due to Covid-19 and the closure of schools to most children, the support we were due to provide is unable to take place due to the lockdown measures and social distancing rules in place. Even with schools opening to Years R, 1 and 6 the following activities were risk assessed as not possible under the government guidelines and therefore had to be cancelled. We will however purchase more sports equipment in lieu of the spend we had planned for Summer term.*

- Teaching assistant led after school sports clubs to continue every day, including invite only fitness club
  - Weekly ballet lessons to continue
  - Subsidised swimming lessons for Year 1 & 2
  - Football coach at lunchtimes and in curriculum time
  - Subsidised after school clubs
  - Transport to and from sport events
  - Daily Mile run will continue
  - Continue play leaders through lunchtime activities and sporting events
  - Subsidise UKSA Watersports activities for Year 5 through providing staff additional hours to accompany the children.
- 
- Summer term teacher twilight session in PE and sport, which we will look to run adhering to social distancing rules, if not we will move to when we are able to.

## Number of children eligible for PE and Sport Grant

Total Number of children	372
Total amount of PE grant received	£11,521 from September 19 to March 20
Total amount of PE grant to come	£8,229 from April 20 to August 20

## Impact and planned impact

What the sports premium was used for	Potential impact	Planned spend	Impact with evidence
Staff training	To focus staff on skill development in lessons rather than games	£300	<p>Has allowed staff to gain the skills to differentiate lessons to cater for all levels in lessons and ensure lessons are fully inclusive.</p> <p>Two sessions for teaching staff training have been delivered so far this year by our SGO Andy Day. The content of these sessions have included fundamental skills linked to tag rugby, indoor athletics, as well as CFL sports which have included sitting volleyball, bocca, new age curling and archery. The third session is now pending, awaiting confirmation whether this can be delivered virtually.</p> <p>Uptake, participation and feedback from staff for each session has been excellent. Evidence of use of the skills learnt in training has been immediately apparent, across key stages. Lessons and planning have been seen to include skills development prior to starting games, which has previously been an area of focus. Staff appear more confident in</p>

			lesson delivery and planning based on this training.
trampolines	To provide an alternative opportunity for children to be active	£7036.80	Has provided an opportunity for sensory breaks. Support well-being of children. Provides an activity for children who won't always engage in a traditional sport. Provides another choice for children to keep active.
Indoor athletics equipment	To improve the quality of PE lessons Field events are the weaker element to athletics, running very strong, placements have been higher with lots in some areas.	£600.00	Dramatically improved our results at competition level. Previous years came out of 8 and this year achieved 3 <sup>rd</sup> . Staff had more options when selecting children for competition entry and the children had the experience of the activity before attending the competition.
Dance Live dance lessons	To allow children access to a qualified dance teacher and the opportunity to perform at a large event to increase their confidence	£1162.00	Allowed children from Year 3-6 to perform on a stage, learn a dance routine, learn to work as a team. Develop dance skills, listening skills and discipline. Also increased confidence and self-esteem.
After school clubs	The increase in the availability of sport based after school clubs, to increase the level of fitness and skill.	£1000	It has also encouraged children to take part in sport which they might

			<p>otherwise have not participated in. The invite only fitness club has targeted those children who may need more support in this area.</p> <p>The clubs have also enabled the Leader of Learning for PE to identify pupils who have the skills and attitude appropriate to enter the various inter school competitions.</p>
Ballet	To develop a skill in movement and interest in being active	£380.00	Ballet has helped with agility, balance and coordination so that the fundamental skills are embedded at a young age and they can take these skills forward as they participate in sport activities both inside and outside of school.
Play leaders	To allow children to develop leadership skills	£75.00	Unfortunately the skills the children learnt couldn't be put into practice as Covid lockdown was the term which this meant to happen
Swimming	A fundamental skill for children to have	£1000	Provided access to children to go to swimming lessons who may otherwise not have done so at home. Allowed those who already have swimming lessons to improve by having more time in the water.
Lunchtime football	To develop skills in football and ensure there is a controlled way for all children who want to take part in football to be supervised and have access	£1856.25	Has allowed children to learn skills and enjoy football whilst supervised by an adult which has reduced incidents of children falling out over the sport.
Yr 3 football coach	To develop football skills for all children in Year 3	£500.00	Given access to qualified coach.

## **PE AND SPORT GRANT: CONDITIONS OF GRANT FOR THE ACADEMIC YEAR 2019 to 2020**

### **Purpose of the premium**

The premium must be used to fund improvements to the provision of PE and sport, for the benefit of primary-aged pupils, in the 2019 to 2020 academic year to give them the opportunity to develop a healthy lifestyle.

### **Basis of allocation**

Allocations for the academic year 2019 to 2020 are calculated using the number of pupils in Years 1 to 6 (or aged 5 to 11 years where pupils are not recorded by year group), as recorded on January 2019 census, as follows:

- schools with 17 or more pupils receive £16,000 plus £10 per pupil
- schools with 16 or fewer pupils receive £1000 per pupil
