Total amount of PE grant to come	£7,979 from April 19 to August 19

Impact and planned impact

- The increase in the availability of sport based after school clubs, has increased the level of fitness and skill. It has also encouraged children to take part in sport which they might otherwise have not participated in. The invite only fitness club has targeted those children who may need more support in this area.
- The clubs have also enabled the Leader of Learning for PE to identify pupils who have the skills and attitude appropriate to enter the various inter school competitions.
- Ballet in Year 1 helps with agility, balance and coordination so that the fundamental skills are embedded at a young age and they can take these skills forward as they participate in sport activities both inside and outside of school.
- Football coach at lunch time has decreased behaviour incidents and allowed more children to access this sport. Football has also been available from Reception to Year Six both as curriculum and after school clubs and has increased performance in competitions.
- The Golden Mile continues to demonstrate a good level of fitness across the school which can be evidenced in our children's performances in Cross Country, Triathlon and other intra/inter school events.

PE AND SPORT GRANT: CONDITIONS OF GRANT FOR THE ACADEMIC YEAR 2018 to 2019

Purpose of the premium

The premium must be used to fund improvements to the provision of PE and sport, for the benefit of primary-aged pupils, in the 2018 to 2019 academic year to give them the opportunity to develop a healthy lifestyle.

Basis of allocation

Allocations for the academic year 2018 to 2019 are calculated using the number of pupils in Years 1 to 6 (or aged 5 to 11 years where pupils are not recorded by year group), as recorded on January 2019 census, as follows:

- schools with 17 or more pupils receive £16,000 plus £10 per pupil
- schools with 16 or fewer pupils receive £1000 per pupil
